

Autumn 2 Home Learning

Year Group: 2

Topic: Flat Stanley

Hand-in Date: 17th December 2018

What do I need to do?

To make my Flat Stanley...

- 1) Draw your own Flat Stanley (not smaller than A4 size).
- 2) Colour him in and laminate him if you can.
- 3) Send him to a friend or relative by post.
- 4) Ask the relative or friend to take a picture of Flat Stanley at his new location.
- 5) Write all about Flat Stanley's new location, including human and physical features.

Example:

What I am learning & why?

This half term our Year 2 Topic is 'Where In The World Is Flat Stanley'. We will be learning about different continents of the world by looking at human and physical features. As part of the topic, we would like the children to make a Flat Stanley and send it to a friend or relative who lives in a different locality. This can be overseas or in another town or borough. Document the project by drawing a picture of where your Flat Stanley will be going. Write about the human and physical features of where he is travelling to.

Resources I will need:

- Paper to make Flat Stanley
- Crayons, pencil colours and/or markers
- Lined paper for your diary entry

Questions to think about:

- Where can I send Flat Stanley?
- What is exciting about this location?
- What are human and physical features?
- Can Flat Stanley see any human or physical features in his new location?

Skills I will use:

- Researching
- Planning
- Writing
- Sketching
- Cutting

How an adult can help me?

Adults can help me to send Flat Stanley to a relative or friend.
